

Registration for Foreign Players

Powered by  **CLUPIK**

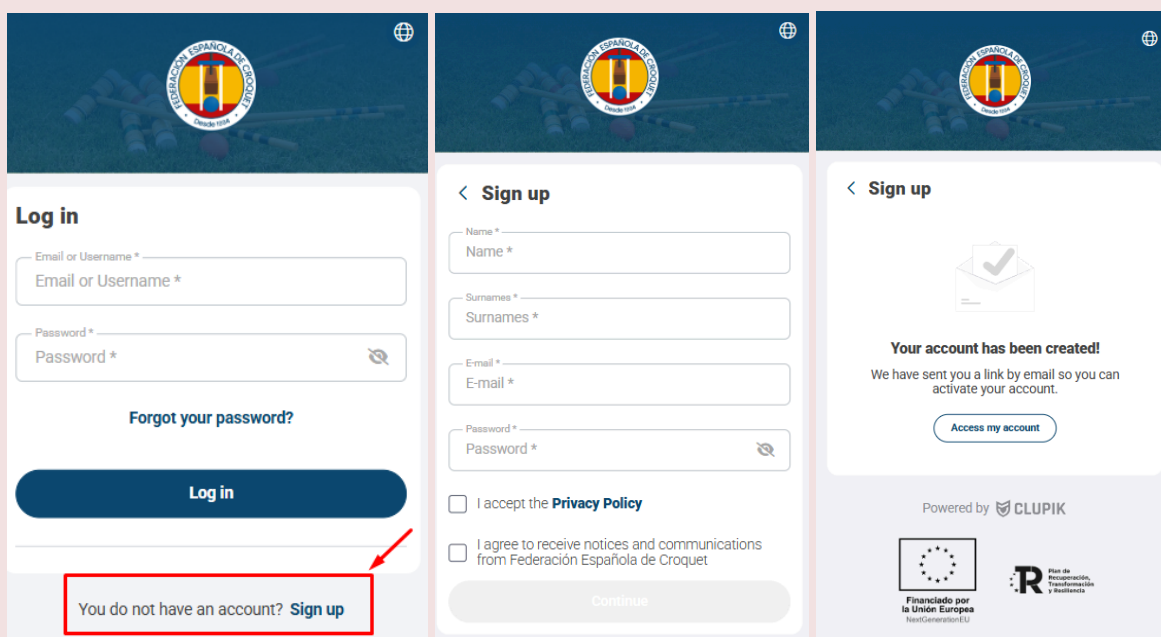

The first thing you need to do is download the Federados FECroquet app from the [Apple](#) or [Android](#) stores.

First, change your language by clicking on the icon at the top right.

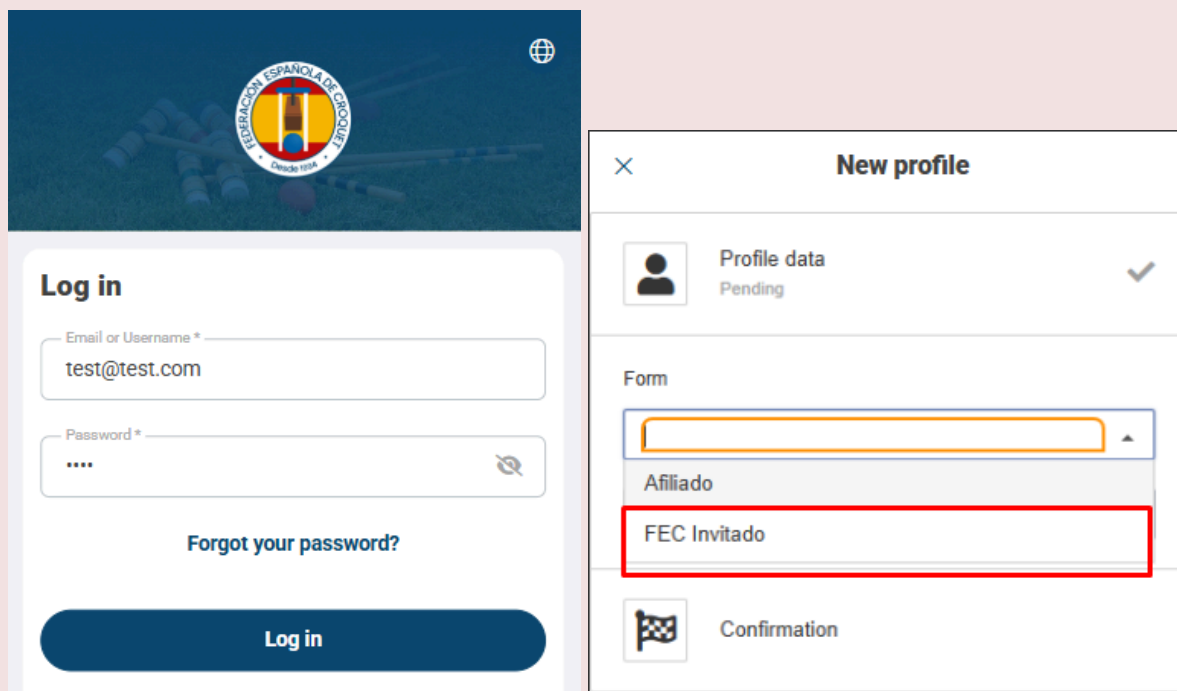

REGISTRATION PROCESS

Once you have downloaded it, open the app. Click on "Sign Up" and complete the registration process.

Once you have created your account, log in to it. Then, you will be able to create your profile on the FEC. It is very important that you do not forget your password.

REQUEST A LICENSE

Once you have filled in your personal details, you can request your license directly from the app:

It is important to attach the required document regarding the federation you belong to. Therefore, you will need to wait for the FEC to validate your license.

The image shows two parts of the license application process. On the left is a form titled 'License data' with a 'Pending' status. The form includes a 'Form' dropdown set to 'FEC Extranjero', a red-bordered box for 'Accreditation from your Croquet Federation *' with a 'Select file...' button, and fields for 'Type *' and 'Season *'. 'Previous' and 'Next' buttons are at the bottom. On the right is a preview of the 'License' card for 'Federación Española de Croquet Athlete license'. It shows 'Season 2025' and 'Validity -', with an 'In Review' status.

You will also be able to see the competitions you want to register for:
