

Sub-processors

Version dated 16 October 2025

This document identifies the sub-processors that OVH uses in accordance with the provisions of the Annex "[Data Processing Agreement or "DPA"](#)", to carry out the processing of the Client's data as part of the Service provision.

These sub-processors may be **(A)** Affiliates belonging to the OVH Group, hereinafter referred to as "Intra-Group Processors" or **(B)** entities not part of the OVH Group, referred to as "Third-party processors".

As Data Controller, the conditions under which OVHcloud processes personal data relating to the Client (including its employees) are set out under OVHcloud's "[Personal Data Usage Policy](#)".
